

TO: City of Fayetteville Planning Commission

FROM: Garner Stoll, Development Services Director

MEETING DATE: February 24, 2020 (**Updated with Planning Commission Results**)

SUBJECT: **ADM 20-7000 Administrative Item (Amend Fayetteville Code of Ordinances: Short-term Residential Rentals):** Submitted by the Development Services Department for revisions to the Fayetteville Code of Ordinances for short-term residential rentals.

RECOMMENDATION:

Staff recommends forwarding the proposed code change to the City Council with a recommendation for approval.

RECOMMENDED MOTION:

“I move to forward ADM 20-7000 to the City Council with a recommendation for approval.”

BACKGROUND:

February 10, 2020 Planning Commission: The short-term rental code amendments were discussed and tabled at the February 10th Planning Commission meeting. Staff presented a recommended code change along with alternatives. There were several members of the public at the meeting and a variety of perspectives were shared about how the city should handle short-term rentals. Staff continued discussion on this topic over the last two weeks with the public, appointed and elected officials. The recommended code amendments in this report have been revised to incorporate the legal recommendations from the City Attorney’s office, along with other amendments in response to public and commission comment. The primary revisions from the City Attorney’s office included relocating many of the short-term rental requirements from Chapter 163 into Chapter 118, Business Licenses, changing enforcement staff to the Development Services Director, replacing “shalls” in certain places with “mays”, removing the requirement for liability insurance, and clarifying what is required with the building inspection. Other notable revisions from the previous recommendation are indicated in strikethrough-underline-highlight format.

A short-term rental (STR) is the leasing out of a furnished residential dwelling on a short-term basis, generally less than a month. It is estimated that there are approximately 500-600 STR units in Fayetteville. However, Fayetteville’s codes do not have specific rules for STRs and they are classified as hotels/motels in the zoning code. This prevents them from legally operating in a single-family district and there are numerous STRs currently in violation. In July 2019 the City Council adopted Resolution 172-19 directing staff to study and develop an ordinance for STRs for their consideration.

Public Input: As the first step in studying STRs, the City hosted a focus group on August 19, 2019. The focus group represented various perspectives including neighborhood representatives, concerned citizens, rental owners and managers, and hotel owners. The group was guided by a

professional facilitator to identify key issues and recommendations in moving forward with local rules for STRs. On September 30, 2019, the city hosted an open public input meeting which allowed all attendees to provide input in writing and verbally on the issues identified by the focus group. The city staff continued to take comment from the public and elected officials over the last few months. After reviewing the public comment and completing extensive research on many cities' short-term rental codes, the City's consultant on the project, Garver LLC, completed a first draft of revisions to the Fayetteville Code of Ordinance for STRs. This first draft was presented to the same focus group on January 15, 2020 for their review and comment.

DISCUSSION:

The Development Services Department and their consultant, Garver LLC, have drafted amendments to the Fayetteville Code of Ordinances for short-term residential rentals. The primary issues proposed in the revisions include the following:

- **Location:** STRs would be allowed by right in all zoning districts where residential dwellings and hotel/motel uses are allowed.
- **Type 1 and Type 2 STRs:** Added a definition clarifying that there are two types of STRs. Type 1 is a full-time residence and Type 2 is a full-time STR. Type 1's are not subject to density limitations, Type 2's are subject to density limitations.
- **Residency:** A permanent resident does not have to live in the STR dwelling.
- **Occupancy:** maximum of 2 people per bedroom plus 2, with a maximum of 8 people regardless of the number of bedrooms. A definition of bedroom is included.
- **Permit:** a business license must be obtained prior to operation.
- **Inspection:** prior to approval of a business license the rental unit must pass a standard residential occupancy life safety and egress inspection conducted by the Fayetteville Building Safety Division. A life safety and egress inspection will verify the basic life safety requirements like fire alarms and basic egress requirements like a door. The requirement for an inspection every three years has been removed; an inspection is only required for the initial license.
- **Insurance:** The requirement for proof of liability insurance has been removed at the City Attorney's advice.
- **Grace period:** 6 months for existing STRs to obtain inspection and business license.
- **Special events:** No parties or special events allowed in STRs by right.
- **Parking:** No more parking allowed than a standard residential dwelling.
- **Density limitations:** Density limitations only apply to Type 2 STRs. No more than one Type 2 STR per eight residential dwellings on a given street block. One Type 2 STR No STRs on a street block with less than four dwellings. No more than two dwelling units in a multi-family complex can be Type 2 STRs. No more than one dwelling unit in an individual duplex, triplex, or quad-plex can be a Type 2 STR. To respond further to concerns about affordable housing, no more than 1% of dwellings in the City may be utilized for Type 2 STRs.
- **Active rentals:** In high demand areas where density cap is at the maximum, Type 2 STRs must be active.
- **Fees:** STRs would only be subject to the typical business license and occupancy inspection fees.
- **Exceptions:** Exceptions to the short-term rental code are subject to review as a conditional use permit.
- **Other changes from February 10th Planning Commission:** removed the mandate that the owner must post a list of requirements in the common area such as a diagram of the emergency evacuation route, location of smoke detectors, noise restrictions, trash pickup

schedule, etc. It would be too difficult for the City to determine that this requirement was constantly maintained in each unit; clarified that the owner may serve as their own agent so they do not have to hire a third party to manage the unit; remove that requirement that the assessor's parcel number be listed on the application as it is unnecessary.

Request: Staff requests that the City Council amend chapter 118 of the Business Regulations and chapters 151, 161, 162, and 163 of the Unified Development Code for short-term rentals. The code changes are described above and shown in the attached strikeout-highlight version of the code.

STAFF RECOMMENDATION:

Staff recommends that the Planning Commission forward the proposed code changes as described above to the City Council with a recommendation for approval.

ALTERNATIVES FOR TYPE 2 SHORT-TERM RENTALS:

One of the primary issues for most cities considering this topic is whether to allow “Not Resident-Occupied” or “Type 2” short-term rentals in residential neighborhoods. The concern is that when the density of Type 2 STRs in a neighborhood is high, it can result in negative impacts. A high density of Type 2 STRs can artificially inflate rental costs, remove long-term rentals from the permanent housing stock of a community, and erode the social fabric of the neighborhood. To mitigate these issues some cities have a density cap like what is currently proposed; or the requirement that STRs are only allowed by right in dwellings that are utilized as permanent residence, and that Type 2 STRs are only allowed by a special permit that requires a public hearing.

Alternative 1

If the Fayetteville policy makers are concerned that the proposed code amendment does not adequately limit Type 2 STRs with the density cap, an alternative would be to allow “resident occupied” to be allowed by right and “non-resident occupied” to be allowed only by conditional use permit in residential districts.

Alternative 2

If the Fayetteville policy makers are concerned that the proposed code amendment is too stringent for STR owners, an alternative would be to remove the density cap to allow an unlimited number of short-term rentals in residential districts.

Alternative 3

If the Fayetteville policy makers are concerned that the proposed code amendment would result in significant reduction of affordable housing stock, an alternative proposed by one Planning Commissioner would be to limit the maximum number of Type 2 rentals to 5% of the total dwelling units within a Fayetteville City Council ward boundary.

The failure of a hosting platform to collect and remit taxes and fees shall not relieve an owner of the obligation to pay taxes and fees owed pursuant to this section.

(16) *Authorization to Occupy, Use, and Operate.* Authorization to operate a short-term rental may be granted by the Development Services Director through the issuance of a City of Fayetteville Business Registry and License (business license).

(c) To more than two (2) dwellings units within a multi-family dwelling complex(es).

(d) Individual 2-family, 3 and 4-family buildings that are not a part of a multi-family complex shall have no more than one (1) Type 2 short term rental unit per building.

For buildings with less than 10 dwellings, a maximum of one (1) dwelling may be used for a Type 2 short-term rental.

(f) A city-wide density cap of one percent (1%) of all dwelling units in the Fayetteville city limits may be utilized as Type 2 rentals. Total dwelling units are determined from current United States Census Bureau and/or American Community Survey numbers.

(g) All Type 2 short-term rentals must remain active if they are in an area that has maximized the density cap. In these high demand areas, if a complaint about an inactive rental is confirmed by the City, the business license may be revoked. In these complaint cases, the applicant shall provide proof of an active rental listing within the last 6 months to retain their permit. If a business license is revoked for this reason, it will not be eligible for another Type 2 short-term rental permit for one calendar year from the date of revocation.

(h) Exceptions to the short-term rental density standards may be granted by the Planning Commission as a conditional use permit.

(18) *Suspension and Revocation.* If the Development Services Director has reason to believe that any of the grounds specified in §118.03(A) of the *Fayetteville Code* exist, or that any rental unit was rented for less than one full night, or to more than one part of guests for the same period of time, or otherwise failed to comply with all terms and conditions of this section, the Development Services Director may suspend or revoke the short-term rental's business license pursuant to the procedures detailed in §118.03 and in §118.04 of the *Fayetteville Code*.
