

CITY OF FAYETTEVILLE, AR

PLANNED ZONING DISTRICT

PLEASE CONSULT WITH STAFF PRIOR TO SUBMITTING AN APPLICATION IN ENERGOV, TO CONFIRM THE APPROVAL YOU ARE SEEKING IS THE CORRECT PROCESS.

A Planned Zoning District application is processed with a recommendation from the Planning Commission to City Council, much like a standard rezoning review process. The City Council decides on the requested zoning and land use, not development approval.

A development application (Preliminary Plat, Large Scale Development, etc.) may be concurrently processed with a Planned Zoning District application. The development application will be decided on by the Planning Commission and any approval will be conditional upon the City Council’s zoning decision.

Instructions:

Please fill out the Energov fields completely, supplying all necessary information and documentation to support your request.

It is highly recommended the applicant conduct a meeting with nearby neighborhoods to discuss the proposed zoning prior to application submittal. Your application will not be placed on the applicable agenda until all necessary information is furnished.

PZD Zoning and Development Checklist:

Attach the following items to this application: **Prior to submittal please clear all Viewports that were exported from the original CADD file as a part of the PDF. These may prevent staff consideration and delay review or approval of your project.**
